

  
AIAA SAN DIEGO  
FIELD TRIP TO GENERAL ATOMICS  
*The World's Forum for Aerospace Leadership*

We have set up a field trip to a National Laboratory operated by General Atomics to see something you have never seen; one of the four states of matter; PLASMA! It is the fuel of the Sun and stars. Their fusion facility operates at 230,000,000 degrees Fahrenheit.

DATE: Friday, October 26, 2007

TIME: 2 P.M. for about 1.5 hours

PLACE: Tower Drive in La Jolla

RSVP by October 20, 2007

To go on this field trip you must send an e-mail to me at: [Drdougarm@aol.com](mailto:Drdougarm@aol.com) and give me your name, age and country of citizenship. I have asked for 25 people but we can take more if I know well in advance.

**MAKE YOUR PLANS NOW!**

Directions: See attached map.

**FOR THE TOUR, CLOSED TOE AND NO HIGH HEEL, SHOES ARE REQUIRED.**
