

## CALL FOR NOMINATIONS – AIAA SAN DIEGO SECTION AWARDS 2011

The San Diego Section of the American Institute of Aeronautics and Astronautics (AIAA) seeks candidates for the following awards:

### Awards Open to Individuals Who are Not AIAA Members

**Lifetime Achievement** - Individual who has made many significant contributions to aerospace engineering over a lifelong career. This award is reserved for seniors who are mostly finished with their career.

**Outstanding Achievement by an Aerospace Organization** - Local companies that have advanced the state of the art of aerospace engineering or have utilized significant technical and/or managerial innovations in a way that has resulted in exceptional accomplishments.

**Outstanding Contribution to Aerospace Engineering** - Individuals who have made significant technical contributions such as the technical direction of engineering projects, developing new products, obtaining patents, pioneering new technologies, conducting fundamental research, etc.

**Outstanding Contribution to Aerospace Management** - Individuals who have made significant accomplishments to the leadership and management of aerospace companies, organizations or projects.

**Outstanding Contribution to Aerospace Education** - Individuals or companies that make a significant contribution to the advancement of Aerospace Education. Can be a teacher, volunteer or even a politician.

**Outstanding Contribution to the AIAA San Diego Section** - Individuals or companies that have made significant contributions to the San Diego Section through such activities as service to the membership, service to the Section council, supporting section activities, etc.

**Outstanding Corporate Contribution to the Community** - Aerospace Corporations that have made significant efforts to outreach to the local community or played a major role supporting activities that benefit the local community. This may include contributions to professional societies, community service organizations, charities, schools, etc.

**Outstanding Contribution to Aerospace Research** - Individuals or companies that make significant contributions to expanding the fundamental understanding of the field of aerospace engineering.

### Awards for AIAA Members

**Outstanding Contribution to the Community** - AIAA members who have played a significant role in community activities outside of AIAA. This may include participation in other societies, community service organizations, charities, schools, etc.

**Outstanding Contribution to the AIAA San Diego Section by an AIAA Member** - AIAA professional or student members who have made significant contributions to the San Diego Section through such activities as service to the membership, service on or to the Section council, supporting section activities, etc.

**Outstanding Contribution to AIAA Region VI** - AIAA members who have made significant contributions to the Region VI organization in such areas as conference organization and leadership, technical committee participation, public policy activities, etc.

**Outstanding Contribution to AIAA at the National Level** - AIAA members who have made significant contributions to AIAA National in such areas as conference organization and leadership, technical committee participation, public policy activities, etc.

**Outstanding Educator Associate** - AIAA Educator Associates who have made significant contributions to enhancing the education of young people in areas relevant to engineering.
